Pleasurable indulgence unprocessed wildflower honey and wild mountain grown blueberries from Alton Bay NH. Get the party started with this one. Pairs well with fruits, cheese, appetizers, and romantic activities.

Blissful 15.2% ABV Semi-Sweet

Made from honey, black currants, blueberries, black raspberries, the black currants dominate the flavor; some describe this mead as something similar to a big, bad chardonnay. The flavor is bold enough to pair with any meal, or to be enjoyed on its own with dark chocolates or with a cheese plate. This mead is semi-sweet, with a tart fruit note from the currants, while leaving plenty of room for the honey and the other fruits in the background.
